It is the time of year we are usually shooting at birds rather than shooting birdies. Fortunately, Jamie and his staff were able to drain our irrigation system and apply snow mold protection in preparation of the winter months. Our hat's off to Jamie and the crew for the excellent job they did with golf course condition all year long. As is custom, following the irrigation blowout - our front nine will soon be closed for the offseason. The back nine will accommodate offseason play whenever possible. Please call the pro shop to confirm the back nine's availability before you come out.
